

The Regal Line By Ecopax

Now Including 8 x 8 Containers

Ecopax has redesigned our Regal line of 9 x 9 foam hinged lid containers. **Better design improves cube efficiency and in-use portion control.** Plus we have added 8 x 8 containers to the Regal line to create a family line of foam hinged lid containers.

- U-vents to eliminate the need for carrying inventory of vented and non-vented containers
- Lid design that allows for full venting when containers are stacked
- Side wall design provides improved nesting and optimizes case cubes for shipping and storing
- Stackability that provides a secure fit in carry-out bags
